Homeland Cory Doctorow, 2013-02-05 In Cory Doctorow's wildly successful *Little Brother*, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, *Homeland* is every bit the equal of *Little Brother*—a paean to activism, to courage, to the drive to make the world a better place. Grateful American Gary Sinise, 2019-02-12 Discover the moving, entertaining, never-before-told story of how one man found his calling: to see that those who defend this country and its freedoms are never forgotten. As a kid in suburban Chicago, Gary Sinise was more interested in sports and rock 'n' roll than reading or schoolwork. But when he impulsively auditioned for a school production of *West Side Story*, he found his true purpose--or so it seemed. Within a few years, Gary and a handful of friends created what became one of the most exciting and important new theater companies in America. From its humble beginnings in a suburban Chicago church basement and eventual move into the city, the Steppenwolf Theatre Company launched a series of groundbreaking productions, igniting Gary's career along with those of John Malkovich, Joan Allen, Gary Cole, Laurie Metcalf, Jeff Perry, John Mahoney, and countless others. Television and film came calling soon after, and Gary starred in *Of Mice and Men* (which he also directed) and *The Stand* before taking the role that would change his life in unforeseeable ways: Lieutenant Dan in the Academy Award-winning *Forrest Gump*. The military community's embrace of the character of the disabled veteran was matched only by the depth of Gary's realization that America's defenders had not received all the honor, respect, and gratitude their sacrifices deserve. In the aftermath of the September 11 attacks, this became Gary's new calling. *Grateful American*, now a New York Times bestseller, documents Gary's dedication to working tirelessly on behalf of those who serve this country, sharing stories about how he has: Entertained more than a half million troops around the world playing bass guitar with his Lt. Dan Band Raised funds on behalf of veterans Founded the Gary Sinise Foundation with a mission to serve and honor America's defenders, veterans, first responders, their families, and those in need *Grateful American* is the moving, entertaining, profoundly gripping story of how one man found his life's work: to see that those who defend this country and its freedoms are never forgotten. Praise for *Grateful American*: Gary Sinise writes as he lives, and as the artist and actor he has always been: with American authenticity, purpose, and a conviction that is inseparable from his nature. --Tom Hanks, actor and filmmaker No entertainer alive today has visited and performed more for our troops at veterans hospitals and military bases all over the world than Gary Sinise. For years his foundation has built 'smart homes' for our troops that were severely wounded in combat. The book is called *Grateful American*, and I promise that after you read it you will be grateful for what Gary has accomplished and contributed to our country. He's truly one of a kind. --Clint Eastwood, actor, director, producer, and musician

Gertie Sews Vintage Casual Gretchen Hirsch, 2014-09-16 The mid-20th century was an amazing time for American women's fashion! Following the war, women started looking to American designers rather than French couture houses for inspiration and to demand clothing they could move in, even play in. In this follow-up to *Gertie's New Book for Better Sewing*, Gretchen Gertie Hirsch celebrates the classic casual styles that icons like Katharine Hepburn, Audrey Hepburn, and Rosie the Riveter made famous--think wide-legged trousers, fitted capri pants, beach rompers, shorts, knit tops, jeans, and day dresses. In Part I, Hirsch introduces key techniques for sportswear construction--from working with knit fabrics to the

intricacies of pant-making--and in Part II, she showcases a 30-plus-piece vintage-inspired casual wardrobe.

The Days of Afrekete Asali Solomon, 2021-10-19 "I didn't feel like I was reading this novel—I felt like I was living it." —Ann Patchett, author of *The Dutch House* From award-winning author Asali Solomon, *The Days of Afrekete* is a tender, surprising novel of two women at midlife who rediscover themselves—and perhaps each other, inspired by Mrs. Dalloway, Sula, and Audre Lorde's *Zami* Liselle Belmont is having a dinner party. It seems a strange occasion—her husband, Winn, has lost his bid for the state legislature—but what better way to thank key supporters than a feast? Liselle was never sure about her husband becoming a politician, never sure about the limelight, never sure about the life of fundraising and stump speeches. Then an FBI agent calls to warn her that Winn might be facing corruption charges. An avalanche of questions tumbles around her: Is it possible he's guilty? Who are they to each other; who have they become? How much of herself has she lost—and was it worth it? And just this minute, how will she make it through this dinner party? Across town, Selena Octave is making her way through the same day, the same way she always does—one foot in front of the other, keeping quiet and focused, trying not to see the terrors all around her. Homelessness, starving children, the very living horrors of history that made America possible: these and other thoughts have made it difficult for her to live an easy life. The only time she was ever really happy was with Liselle, back in college. But they've lost touch, so much so that when they ran into each other at a drugstore just after Obama was elected president, they barely spoke. But as the day wears on, memories of Liselle begin to shift Selena's path. Inspired by Mrs. Dalloway and Sula, as well as Audre Lorde's *Zami*, Asali Solomon's *The Days of Afrekete* is a deft, expertly layered, naturally funny, and deeply human examination of two women coming back to themselves at midlife. It is a watchful celebration of our choices and where they take us, the people who change us, and how we can reimagine ourselves even when our lives seem set.

The Challenge Alan Drake, 2023-12-28 God invites you to cast your cares on Him, because He cares for you (1 Peter 5:7). It is natural to seek first to meet our own needs and the needs of our family members, but God invites us to make an exchange. He invites us to cast our concerns on Him, and He promises to care for us better than we could take care of ourselves. In exchange, He desires for us to take on His concerns, His priorities, and seek His Kingdom first.

Buyology Martin Lindstrom, 2010-02-02 NEW YORK TIMES BESTSELLER • "A fascinating look at how consumers perceive logos, ads, commercials, brands, and products." —Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can

“cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? Buyology is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

Lost In Summerland Barrett Swanson, 2021-05-18 Barrett Swanson embarks on a personal quest across the United States to uncover what it means to be an American amid the swirl of our post-truth climate in this collection of critically acclaimed essays and reportage. A trip with his brother to a New York psychic community becomes a rollicking tour through the world of American spiritualism. At a wilderness retreat in Ohio, men seek a cure for toxic masculinity, while in the hinterlands of Wisconsin, antiwar veterans turn to farming when they cannot sustain the heroic myth of service. And when his best friend's body washes up on the shores of the Mississippi River, he falls into the gullet of true crime discussion boards, exploring the stamina of conspiracy theories along the cankered byways of the Midwest. In this exhilarating debut, Barrett Swanson introduces us to a new reality. At a moment when grand unifying narratives have splintered into competing storylines, these critically acclaimed essays document the many routes by which people are struggling to find stability in the aftermath of our country's political and economic collapse, sometimes at dire and disillusioning costs.

Love 'N Stuff Tanika Gupta, 2016-06-09 Tanika Gupta returns with a hilarious and touching story of love, attachment and what we mean by home. Bindi and Mansoor might just be the most popular couple on their street, but after 45 years of a loving marriage, Mansoor has vowed to swap the cold streets of Stratford for a sun soaked Delhi. The problem? Bindi's not convinced and has concocted a last minute plan to lure him back.

Food Routes Robyn Metcalfe, 2020-12-08 Finding opportunities for innovation on the path between farmer and table. Even if we think we know a lot about good and healthy food—even if we buy organic, believe in slow food, and read Eater—we probably don't know much about how food gets to the table. What happens between the farm and the kitchen? Why are all avocados from Mexico? Why does a restaurant in Maine order lamb from New Zealand? In Food Routes, Robyn Metcalfe explores an often-overlooked aspect of the global food system: how food moves from producer to consumer. She finds that the food supply chain is adapting to our increasingly complex demands for both personalization and convenience—but, she says, it won't be an easy ride. Networked, digital tools will improve the food system but will also challenge our relationship to food in anxiety-provoking ways. It might not be easy to transfer our affections from verdant fields of organic tomatoes to high-rise greenhouses tended by robots. And yet, argues Metcalfe—a cautious technology optimist—technological advances offer opportunities for innovations that can get better food to more people in an increasingly urbanized world. Metcalfe follows a slice of New York pizza and a club sandwich through the food supply chain; considers local foods, global foods, and food deserts; investigates the processing, packaging, and storage of food; explores the transportation networks that connect farm to plate; and explains how food can be tracked using sensors and the Internet

of Things. Future food may be engineered, networked, and nearly independent of crops grown in fields. New technologies can make the food system more efficient—but at what cost to our traditionally close relationship with food?

Modern Enchantments Simon During, 2009-06-30 "A history of "secular," or non-supernatural, or entertainment magic as an important but neglected constituent of modern culture" (Nicholas Daly). Magic, Simon During suggests, has helped shape modern culture. Devoted to this deceptively simple proposition, During's superlative work, written over the course of a decade, gets at the aesthetic questions at the very heart of the study of culture. How can the most ordinary arts—and by "magic," During means not the supernatural, but the special effects and conjurings of magic shows—affect people? *Modern Enchantments* takes us deeply into the history and workings of modern secular magic, from the legerdemain of Isaac Fawkes in 1720, to the return of real magic in nineteenth-century spiritualism, to the role of magic in the emergence of the cinema. Through the course of this history, During shows how magic performances have drawn together heterogeneous audiences, contributed to the molding of cultural hierarchies, and extended cultural technologies and media at key moments, sometimes introducing spectators into rationality and helping to disseminate skepticism and publicize scientific innovation. In a more revealing argument still, *Modern Enchantments* shows that magic entertainments have increased the sway of fictions in our culture and helped define modern society's image of itself. Praise for *Modern Enchantment* "During documents the extent to which magic and magical thinking have pervaded, and continue to pervade, secular life . . . the author examines 19th- and 20th-century theatrical magic and "commercial conjuring" with great sensitivity to the social and cultural context in the Western world. Equally fascinating is the analysis of magic and early film." —R. Sugarman, *Choice* "A richly informed, warmly argued addition to the growing number of books in which writers worry at the pervasive blurring of distinctions between act and appearance, organic consciousness and artificial intelligence, imagination and empirical experience, illusion and thought, reality TV and real life, dreams and money." —Marina Warner, *Financial Times* "During moves confidently across three centuries of magic (and covers aspects of a few more besides). The sheer wealth of historical detail he provides is impressive, but no less impressive is the subtlety of his argumentation, and the suggestiveness of his claims . . . This extremely significant piece of work will appeal to literary critics, historians, and not least, devotees of magic." —Nicholas

Daly, author of *Modernism, Romance, and the Fin de Siècle: Popular Fiction and British Culture, 1880-1914*
