100% Cotton Helen Walters, Tim Fletcher, 2001 This title explores the diverse and rich graphic culture that has arisen

from the T-shirt, which since the 1960s has provided a forum for expression in areas such as music, politics and fashion. The T-shirt has provided an enduring medium for music-related graphic design - they not only reflect the spirit of a particular band, but also the spirit of a particular time. Equally, however, politics and high-fashion use the T-shirt to express a message. Greenpeace, Amnesty International and similar organizations highlight their causes through T-shirt graphics. Fashion designers use memorable graphics on T-shirts as an integral part of their range, while T-shirts are also a core part of the business of surf and skateboard companies such as Mambo and Fuct.

The Grace of Enough Haley Stewart, 2018-09-07 Do you ever feel caught in an endless cycle of working harder and longer to get more while enjoying life less? The Stewart family did—and they decided to make a radical change. Popular Catholic blogger and podcaster Haley Stewart explains how a year-long internship on a sustainable farm changed her family's life for the better, allowing them to live gospel values more intentionally. When Haley Stewart married her bee-keeping sweetheart, Daniel, they dreamed of a life centered on home and family. But as the children arrived and Daniel was forced to work longer hours at a job he liked less and less, they dared to break free from the unending cycle of getting more yet feeling unfulfilled. They sold their Florida home and retreated to Texas to live on a farm with a compost toilet and 650 square feet of space for a family of five. Surprisingly, they found that they had never been happier. In *The Grace of Enough*, Stewart shares essential elements of intentional Christian living that her family discovered during that extraordinary year on the farm and that they continue to practice today. You, too, will be inspired to: live simply offer hospitality revive food culture and the family table reconnect with the land nurture community prioritize beauty develop a sense of wonder be intentional about technology seek authentic intimacy center life around home, family, and relationships Drawing from Pope Francis's encyclical on the environment, *Laudato Si'*, Stewart identifies elements of Catholic social teaching that will enhance your life and create a ripple effect of grace to help you overcome the effects of today's "throwaway" culture and experience a deeper satisfaction and stronger faith.

Stitches in Time Lucy Adlington, 2015-10-08 Riffing through the wardrobes of years gone by, costume historian Lucy Adlington reveals the rich stories underlying the clothes we wear in this stylish tour of the most important developments in the history of fashion, from ancient times to the present day. Starting with underwear - did you know Elizabeth I owned just one pair of drawers, worn only after her death? - she moves garment by garment through Western attire, exploring both the items we still wear every day and those that have gone the way of the dodo (sugared petticoats, farthingales and spatterdashers to name but a few). Beautifully illustrated throughout, and crammed with fascinating and eminently quotable facts, *Stitches in Time* shows how the way we dress is inextricably bound up with considerations of aesthetics, sex, gender,

class and lifestyle – and offers us the chance to truly appreciate the extraordinary qualities of these, our most ordinary possessions.

Genuine Authentic Michael Gross, 2018-07-24 A fascinating and comprehensive look into the life of American fashion designer Ralph Lauren, now with an afterword. “Deep-dish...sharp-clawed...honestly admiring.”—New York Times There are at least two Ralph Laurens. To the public he's a gentle, modest, yet secure and purposeful man. Inside the walls of Polo Ralph Lauren, though, he was long seen by some as a narcissist, an insecure ditherer, and, at times, a rampaging tyrant. Michael Gross, author of the bestsellers *Model* and *740 Park*, lays bare the truths of this fashion emperor's rise, and reveals not only the secrets of his meteoric success in marketing our shared fantasies, but also a widely unknown side that's behind the designer's chic façade.

Stepping Through Time Olaf Goubitz, Carol van Driel-Murray, Willy Groenman-Van Waateringe, 2007 Drawing on 25

years' experience as a conservator of leather, Goubitz presents a typological catalogue of footwear dating from 800-1800 AD. The study is based on Goubitz' analysis of an important assemblage of shoes recovered from excavations at Dordrecht in the Netherlands but the volume's aim is to offer guidance for the identification of shoes found on sites across north-western Europe. In addition, contributions from van Driel-Murray and Groenman-van Waateringe examine evidence for shoe types in prehistoric Europe and the north-western provinces of the Roman Empire, periods which inevitably have left less evidence. The fully illustrated catalogue follows a comprehensive discussion of shoes styles and technology including height standards, iconography, material, patterns, stitches, soles, the identification and dating of fragments and conservation. The volume should prove a useful tool for Roman and, especially, medieval historians and archaeologists.

The Cult of Chiffon Marian E. Pritchard, 2017-01-18 The subject of woman, that is to say, the modern woman, with her varying instincts, pursuits, and peculiarities alone would fill many large volumes. I feel bound, therefore, to confine myself to the discussion of one particular side of her nature, one for which personally I have most sympathy, and one which perhaps can best be described by the epithet 'womanly.' Originally published in 1902, this extremely rare volume offers a remarkable snapshot of the fashionable Edwardian woman. The author — fashion editor for *The Lady's Realm*, a monthly London magazine for more enlightened readers — offers rich counsel on how to cultivate charm and social standing through the subtle art of dress. Illustrated fashion tips feature a wide range of advice on corsets, petticoats, hats, jewelry, footwear, accessories, and more, with chapters on *The All-Important Question of Colour*, *Hats Sublime and Ridiculous*, *The Revival of Fashions of the Past*, and *The Aggressiveness of the Smart Woman*. A selection of vintage advertisements for London-area fashion shops is also included.

Her 'minimal waste' mentality will help you to make garments based on your body measurements, and there's a useful section on mending techniques. Wendy also covers the ethical issues involved in buying new, from shopping locally to choosing your fibres carefully and supporting small businesses and other crafters. There is a comprehensive chapter covering all the sewing techniques used, from seam and hem basics through to tips on unpicking recycled garments. Each section includes projects using the techniques covered - a total of 20 makes that can be adapted to the materials you have to hand.
