Court Ladies Adorning Their Hair with Flowers Fang Zhou, 2020-05 Handscroll; Ink and color on silk; 101cm(width)\*22cm(height) This painting depicts court ladies in a quiet and spacious garden, living a playful, extravagant life. It is a magnificent Tang Dynasty Palace scroll painting. The women's full and round forms are decked out in a variety of costumes, with their hair in buns perched high on their heads, adorned with fresh flowers. Their movements are leisurely. They flap butterflies, play with dogs, admire cranes, or simply sit idly. Their maids follow them with fans.

**The Cut of Men's Clothes** Norah Waugh, 2013-12-16 This book traces the evolution of the style of men's dress through a sequence of diagrams accurately scaled down from patterns of actual garments, many of them rare museum specimens. The plates have been selected with the same purpose. Some are photographs of suits for which diagrams have also been given; others, reproduced from paintings and old prints, show the costume complete with its accessories. Quotations from contemporary sources--from diaries, travelers' accounts and tailors' bills--supplement Norah Waugh's text with comments on fashion and lively eyewitness descriptions.

Levey, 2008 No one interested in the history of dress, from art historians to stage designers, from museum curators to teachers of fashion and costume, can function effectively without Janet Arnold's Patterns of Fashion series, published by Macmillan since 1964. Since her untimely death in 1998, admirers of her work have been waiting, with increasing impatience, for the promised volume devoted to the linen clothes of the Elizabethan and early Stuart periods, a companion to her previous volume on tailored clothes of the same era. Planned and partly prepared by Janet herself, and completed by Jenny Tiramani, Janet's last pupil, no other book exists that is dedicated to the linen clothes that covered the body from the skin outwards. It contains full colour portraits and photographs of details of garments in the explanatory section as well as patterns for 86 items of linen clothing which range from men's shirts and women's smocks, from superb ruffs and collars to boot hose and children's stomachers. Beautifully produced, it is an invaluable guide to both the history and the recreation of these wonderful garments.

*Appetites* Geneen Roth, 1997-04-01 #1 New York Times bestselling author of *Women Food and God* Roth speaks of issues that, chauvinism aside, only women can truly understand and identify with. In the past, her books were about food, weight, dieting, and the almost universal obsession that women have with their bodies and self-esteem. Now her canvas of introspection and discussion has expanded: eight chapters examine the nature of women's friendships, the craving to be famous, the longing for safety, and the search for a parallel life (or the perfect fantasy), among other topics. Based on intensely personal experiences, written with intensely emotional and intellectually probing prose, Roth's book pushes far beyond the issue of weight to ask what will make women happy. Her not-so-easy answers, divined from decades of therapy, of experiential beingness, of Buddhist practice, will speak to many. Roth tells of her own experiences with a non-blink frankness cushioned by the gracefulness of her prose.—Chicago Tribune Just the right mix of confession, sass, and style.—Publishers Weekly

**Costume & Fashion** Bianca M. du Mortier, Mieke Albers, 2016 The Rijksmuseum's substantial costume collection, the oldest in the Netherlands, bears witness to a host of stories. Virtually every garment bespoke and catered to the wishes of its intended wearer. How did the wealthy Dutch choose the fabrics and cut? Who made and embellished these clothes, and on what occasions were they worn? Why have these costumes - many of them hundreds of years old - have been preserved? From the Frisian branch of the Orange dynasty in the Dutch golden Age to Yves Saint Lauren in 1965, this selection of eighty exceptional garments highlights the international character of Dutch fashion throughout the centuries, while simultaneously illustrating the developments that took place within the country itself.

**Xtremus: A Bionican Quest in the Wake of Cybergeddon** Peter Wiesner, 2015-04-27 Xtremus is a dystopian satire about the aftermath of a cataclysmic demise of technology that takes place in post-apocalyptic Southern California. Eco terrorists have unleashed a computer virus killing the ruling class whose power and life force were dependent on sophisticated brain implants through which they communicated and held sway. The story follows the quest of Condor, leader of a group of hackers who survived Cybergeddon because of the immunities they received, albeit without the firepower of the halcyon days of techno splendor. Condor and other hackers are sworn to protect The Well, the only remaining database from the high-technology past that now resides in brains of the Bionicans. Condor's mission is to determine whether The Well's secret database could be hacked by other survivors outside of Bionica to develop weapons of mass destruction and wreak

havoc again. Condor's quest obliges him to deal with all three surviving clans in Southern California, each bent on imposing their unique ideology in this post-apocalyptic world: his fellow Bionicans, a drug besotted lot who communicate telepathically through The Well; the crude and romantic Goths, who love gladiatorial combat and motorcycles, and treat bad poetry as a capital crime; and the decadent Greeks whose work to revive of the Classics from Homer to Plato is supported by slavery and guided by sexual politics. Condor's quest is transformed many times by the women he conquers and manipulated by the woman who finally conquers him. His exploits turn into a power-grabbing adventure of murder, intrigue, and betrayal. By the time he learns about the true nature of his quest, it is too late for our hero to prevail. Xtremus is a morality tale and a satire of the Information Age, as we now know it. It pokes fun at the ideological melange of the 1960's that gave rise to environmental awareness, consumerism, sexual freedom, gay liberation, vegans, Eastern religion, mythology, New Age healing, motorcycle-based rebellion, and drug-induced alternate states of consciousness. It also takes on those whose blue-sky tunnel vision of technology is painting our future into a corner where wildlife and civil society cannot thrive.

Department of Death Lev Raphael, 2021-04-09 Raphael makes the most of the academic setting of his immensely

enjoyable....Raphael's witty prose enhances a crafty plot. Publishers Weekly starred review Years ago Nick Hoffman was given a position in the English Department at the State University of Michigan because SUM wanted to hire his partner as writer-in-residence, but now he's been unexpectedly installed by his dean as chairman of that department. It's a wildly unpopular choice, and he's suddenly the focus of more animosity from his colleagues than he's ever dealt with before. He can't seem to make anyone happy and can't get a handle on his myriad new responsibilities as an administrator, a position he never wanted. Then tragedy strikes again way too close to home: Someone seeking his help is murdered, and under the shadow of another recent murder, Nick is a prime suspect. Hounded by campus police, the local press, and social media, Nick wonders if this could finally be the end of his career—that is, if he manages to stay out of prison. In the spirit of David Lodge, Francine Prose, Richard Russo and Jane Smiley, *Department of Death* is Lev Raphael's most blistering satire yet of the current perversity of academic life.
